

WISDOT PROJECT: Construction on County Trunk Highway X and D Bridges over I-94

For more information, contact:

John Jenkins, WisDOT Project Manager, (608) 246-3866

Construction on the County Trunk Highway D Bridge over I-94 is scheduled to be completed and open to traffic the week of May 11th, after which work will begin on the County Trunk Highway X Bridge.

County Trunk Highway X will be closed during construction to re-deck the bridge over I-94 near Johnson Creek in Jefferson County. The work is expected to be completed by early to mid-August, depending on weather.

The bridge will be closed for the duration of the project and drivers will be directed to use the County Trunk Highway D Bridge as a detour route to cross I-94.

Throughout the project motorists can expect to encounter:

- Construction during normal daytime hours
- Occasional nighttime construction
- Intermittent lane closures on I-94. Construction impacting I-94 will take place during off-peak traffic hours.

Improvements to the bridge include a new deck, resurfacing pavement approaches, replacing guardrails and applying new pavement marking.
