## SPECIAL PERMIT PROVISIONS

The following checked provisions apply to this permit:

### GENERAL

- 1. The applicant shall contact the Street Superintendent at the address and telephone number indicated on the face of this permit to arrange for a Department representative to inspect the work site. No work under this permit shall be accomplished prior to his/her arrival.
- 2. The Applicant shall notify the Street Superintendent at the address and telephone number indicated on the face of this permit prior to the completion of the work authorized and at a time that enables Department personnel ample opportunity to inspect the work before the applicant's employees leave the site.
- 3. At any locations where open-trench installation across street pavement is authorized, the surfacing shall be saw-cut full depth to enable it to be restored with smooth joints.
- 4. All excavations shall be back-filled in accordance with the attached detail.

### TRIMMING/CUTTING OF VEGETATION

- 5. Vegetation shall not be cut or trimmed without the consent of the owner. Nontarget trees and shrubs shall not be damaged.
- 6. Trimming is limited to only that which is necessary to afford safe clearance. This does not authorize clear swath cutting.
- 7. The vegetation to be removed shall be surveyed and inspected jointly with the Department's designated representative prior to any work commencing on the street right-of-way.

\*All trench backfill shall be mechanically compacted to a modified proctor density of 95, or filled with non-compactable material. Consolidation of backfill by flooding will not be allowed.

I have read Code 210-4 and 210-5 and understand, agree and will be responsible for all warranty to the work site for 12 months following final restoration. This Permit is valid for 60 days from Issuance Date.
