

Good day Village of Johnson Creek Followers.

As we mentioned in the July Newsletter, utility billing has a new look to match the Village's new account management software.

Many of you who have signed up for auto pay, may have noticed this feature was not accounted for on July's utility bill due to a minor glitch. **Please know that if you signed up for auto pay in the past, you are all set and do not need to do anything. Your utility payments will continue to be received via auto pay and next month's utility bills will reflect this correction.**

We apologize for the confusion and are happy to help with any questions. Thank you for your patience and rest assured your August utility invoice will have this correction.
